

Web Publishing Permission Guidelines

Elkin City Schools

We understand that our son or daughter may create artwork or writing which would be suitable for publication on the World Wide Web, a part of the internet. We know that every student cannot have his or her work published and that it is an honor to have our child's work included as an educational resource for others. We further understand that the work will appear in an educational context on web pages. No home address or telephone number will appear with such work. By signing this form, we grant permission to Elkin City Schools for the World Wide Web publishing as described within this document.

We understand that students' pictures may be included in Elkin City Schools' web pages if parental permission has been granted below. We further understand that the schools may wish to recognize our child's work and print their name. In these instances, Elkin City Schools will either publish first initial/last name or first name/last initial unless full permission has been granted.
